GIRI N S

Email: girinataraj765@gmail.com | **Phone:** 9965413137
LinkedIn: www.linkedin.com/in/girins | **GitHub:** github.com/girinataraj

Objective:

Certified Full Stack Developer with hands-on experience in building scalable web applications using TypeScript, React, and C#. Specialized in backend development with Python and C#, and DevOps practices using Azure. Passionate about solving real-world problems through clean, maintainable code.

Area of Interest:

- Data Structures and Algorithms
- Artificial Intelligence (LLMs, Retrieval-Augmented Generation)
- Software Development (Application architecture, backend systems, API development)

Education:

- **Bachelor of Technology in Information Technology** 2023-2027
  Nandha Engineering College,Erode.
  CGPA: 7.8 (Till Sem V)
- **Higher Secondary Certificate** | Rajendran Matric Higher Secondary School, Erode. 2022-2023
- **Secondary School Certificate** | Rajendran Matric Higher Secondary School, Erode. 2020-2021

Skills:

Technical Skills:

- Programming & Web Languages**:** Python,C#, HTML, CSS, JavaScript,TypeScript
- Frontend: React, HTML5, CSS3
- Backend: Python (Flask/Django), C#, REST APIs
- DevOps/Tools: Git, Docker, Azure DevOps
- Database Management: SQL, MongoDB

Soft Skills:

- Communication: Clear verbal and written communication.
- Leadership and Team Management.
- Problem-Solving: Analytical Thinking, Root Cause Analysis.

Projects:

Vehicle Management System September 2024

- Developed a vehicle tracking system with dashboards and filtering tools.
- Backend services written in C# for data processing and secure API access.
- Frontend built with React for smooth, interactive UI.

Student Management System for HoD January 2025

- Created dashboards for HoDs to manage student records, attendance, and results.
- Integrated secure authentication and access-level controls.
- Used TypeScript and React to create modular frontend components.

Internships:

AST Technologies – Salem 20 June 25 - 05 July 25

- Gained hands-on experience working with **Google Workspace extensions**, focusing on feature testing, UI behavior analysis, and real-world use-case validation in web-based environments.
- Developed a strong understanding of **web application workflows, user interaction, and usability principles** through practical product evaluation.

Certifications:

- Frontend Developer (React) – HackerRank August 2025
- Privacy and Security in Online Social Media. January-April 2025
- Python Course – Infosys SpringBoard

Achievements:

- Winner and top performer in multiple coding competitions.
- Winner of Think2Impact 2026 event conducted by PALS & finale participant of PALS innowah 2025-2026.
